EDUCATION

S.A Engineering College

Poonamallee, Chennai, TN

Bachelor of Engineering in Computer Science and Engineering Aug. 2024 - May 2028

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, HTML/CSS

Frameworks/Libraries: React.js, REST APIs

Developer Tools: Git, VS Code, Figma

Core Concepts: Responsive Web Design, Component-Based Architecture, API Integration

PROJECTS

Mini College Website | HTML, CSS, React.js, REST APIs

2025

- Built a fully responsive college website front-end using HTML, CSS, and React.js, ensuring smooth usability across mobile, tablet, and desktop screen sizes.
- Designed and implemented reusable React components to structure pages such as Home, About, and Departments, improving code maintainability.
- Integrated REST APIs to dynamically fetch and display content, replacing static data with real-time data rendering.
- Applied modern CSS techniques (Flexbox/Grid) to achieve a clean, consistent, and mobile-friendly layout.

ADDITIONAL INFORMATION

- 3rd Year Computer Science Engineering student with a strong foundation in front-end web development and a keen interest in building interactive, user-friendly web applications using React.js.
- Actively learning modern front-end practices including component-based design, state management, and API-driven development.
- Comfortable using Git for version control and Figma for translating design mockups into functional UI.
- Seeking a Frontend Developer (React.js) internship to apply and further develop practical, hands-on web development skills.
